The Shared Future agenda raises a number of important and sensitive issues. It also highlights values which are core to building positive relationships. These are sensitive moral and ethical issues which create difficulties for some institutions and organisations. The Moral Maze series will provide opportunity for encounter, dialogue, awareness raising and, hopefully empowerment. Keynote speakers will provide input and an interactive approach will enable the audience to move through a moral maze.

EVERYONE IS WELCOME – THERE IS NO ADMISSION FEE

Facilitators: Dr Johnston McMaster & Dr Cathy Higgins
