

Need System Support

Transition Training trains young unemployed men & women under the New Deal program
They take a level 2 **System Support** course awarded by C&G that covers the following modules:

Maintaining Equipment & Systems
Customer Support Provision (Call centres)
Installing Equipment & Operating Systems
Networking

After successfully completing the course the students
Go into the community to gain real world experience for 12 – 14 weeks
At no cost to you, would you be willing to give one of these students the benefit of your experience?

They can be of tremendous assistance to you as they have gained valuable knowledge in the classroom
What they need is to put that knowledge to practical use under the guidance of an experienced mentor

There are many benefits to taking a placement student

All this for FREE!!
